Scoring

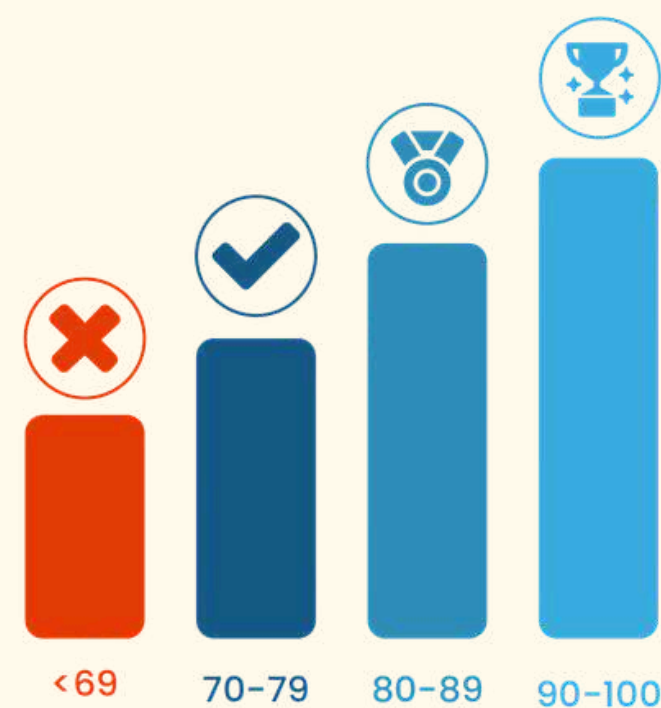

The listening, reading, and use of language components are scored within our assessment platform.

The system scores them automatically based on a maximum of 100 points, depending on the number of correct answers obtained in each section.

Examiners trained by GEP English Exams assess the speaking and writing components. **The score out of 100 points is determined according to the regulations for each CEFR level.**

The result is awarded according to the following scale:

- 69 or below: The student does not reach the level of the exam taken.
- 70–79: Pass.
- 80–89: Pass with merit.
- 90–100: Pass with distinction.

Placement Test, Progress Test, and Adaptive Test

Each exam consists of 50 multiple-choice questions and lasts between 50–60 minutes.

Placement Test

The results can be used to place test takers within a specific CEFR level and to establish a starting point in their learning process.

Progress Test
